Holiday Gift Guide

#ShopAutistic

Our annual gift guide and resource for #ActuallyAutistic run businesses, shops, artists, craftspeople, writers & more.

Supporting autistic people is what we do!

You will find jewelry, original art work, writing, designers, crafters and so much more! The autistic people featured in this guide offer unique and beautiful gifts to give and share this holiday season. The best part is that you will be supporting autistic adults with every purchase!

We also have listed worthy organizations that support the autistic community. If you would like to make a holiday donation in someone's honor to any of these organizations, we can provide a free, printable and personalized high resolution pdf certificate for gift giving with a huge thank you from PACLA! Just provide a receipt (you can block out any private financial information) to autloveaccept@gmail.com by December 20th.

If you are interested in supporting the autistic community with a charitable gift this holiday season, we suggest donating to one of these worthy organizations that work to make a better world for autistic people.

In addition to that, please remember that autistic adults are disproportionately living in poverty and struggling with little to no services and many do not have the family support or acceptance that some of us can take for granted. Direct giving to an autistic person is always encouraged and a great way to help an autistic person during the holidays or any time of year!
